

Lassen County Clerk's Election Div

LASSEN COUNTY CLERK'S OFFICE OF ELECTIONS

Response Requested: None

Findings: The Lassen County Grand Jury was present at several polling places around Lassen County to observe the election process and the tallying of the votes on election night March 2, 2004. Members of the Grand Jury observed the personnel working at the various polling locations around Lassen County and City of Susanville. The polling place workers at the various locations in the City of Susanville and throughout Lassen County were helpful to persons with disabilities. They provided information and assistance to persons with disabilities when necessary. They were professional and courteous in their dealings with the public.

Also, observed was the process of tabulating the ballots as they came into the County Clerk's office. The results were released to the media for dissemination, and this was done in a professional and courteous manner.

Recommendation: We commend Theresa Nagel and her staff for their continued professionalism. The Lassen County Grand Jury would also like to THANKS those who continue to serve the public in these positions. We realize that it can be difficult at times, with long hours and little appreciation from the public at large. We thank you for a job well done.
